CAREER OBJECTIVE

Motivated BCA graduate with strong technical and analytical skills. Eager to apply problem-solving abilities and adaptability in a dynamic work environment. Seeking a challenging role to contribute meaningfully to organizational growth while continuously enhancing my skills and pursuing a rewarding career in a progressive and innovative company.

TECHNICAL SKILLS

- **Programming Language** - HTML, CSS, JavaScript and Python
- **Frontend Library/Framework** - Tailwind CSS and React.js
- **Database** - MySQL
- **Version Control** - Git & GitHub
- **Development Tool** - Visual Studio Code
- **Microsoft Office Suite** - Excel, Word and PowerPoint
- Typing Speed (25-30)WPM.
- Data entry and management skills.

SOFT SKILLS

- Good communication skills for effective customer interaction.
- Strong customer service and client handling abilities.
- Analytical and problem-solving skills to resolve customer queries efficiently.
- Time management and multitasking capabilities to handle multiple queries and tasks.
- Team work and Collaboration.
- Adaptability and Flexibility.
- Attention to detail.
- Eager to learn new technology.

PROJECT

Job Portal Web Application

- Designed and developed a full-featured job portal enabling users to register, log in, post jobs, and apply for positions—built with a responsive and intuitive UI to enhance user experience for both candidates and recruiters.

- Implemented a modern MERN stack architecture, using React (Vite) for a high-performance frontend, Node.js and Express for the backend API, and MongoDB for efficient data handling. Deployed and hosted the full-stack application on Render, with Nodemon streamlining development workflows.

Personal Portfolio Website

- Designed and developed a responsive portfolio website to showcase projects, skills, and professional background—crafted with a clean and modern UI to create a strong personal brand and improve online visibility to recruiters and collaborators.
- Built using React (Vite) for a fast, lightweight, and modular frontend experience. Fully static and optimized for performance, the site demonstrates strong frontend development skills and a keen eye for design and usability.
